

## **On the territory of Ukraine for the period of quarantine it is prohibited:**

Crossing the state border by foreigners and stateless persons without an existing insurance policy (certificate) issued by an insurance company registered in Ukraine or a foreign insurance company with a representative office in Ukraine or a contractual relationship with an insurance company - a partner in Ukraine (assistance), and covers the costs associated with the treatment of COVID-19, observation, and is valid for the duration of the stay in Ukraine.

## **Rules of obligatory observation**

In April, the government eased quarantine restrictions and allowed citizens to replace mandatory observation with self-isolation.

### **How is observation different from self-isolation?**

During the observation, the person will be in a hospital or other institution designated by the local authorities as an observer. With self-isolation, a person determines where he plans to stay for 14 days.

### **What needs to be done for this?**

1. When crossing the border or CPVV, a person agrees to self-isolation.
2. You need to download and register in the mobile electronic service "Act at home".
3. Follow the instructions in the mobile application and follow the rules of self-isolation.

If you do not want or do not have the opportunity to install the mobile application "Act at home" - you will be taken to the place of mandatory observation.

### **Who can use self-isolation in "Action"?**

- People entering Ukraine from abroad.
- People entering from the temporarily occupied territories of Donetsk and Luhansk oblasts, Crimea and the city of Sevastopol through the CPVR.

### **Who will be observed?**

Those people who have twice violated the conditions of self-isolation - must be observed in places designated by local authorities.
